

Eviden's Trustway IP Protect solution receives CC EAL 4+ certification from ANSSI

Paris, France – December 19th, 2024 – [Eviden](#), the [Atos Group](#) business leading in digital, cloud, big data and security today announces that its Trustway IP Protect solution has been awarded CC EAL 4+ certification* by ANSSI (the french Agence Nationale de la Sécurité des Systèmes d'Information). This certification, based on Common Criteria level 4+, guarantees that the Trustway IP Protect encryptor has undergone rigorous evaluations, including an in-depth analysis of its architecture and security mechanisms.

Particularly suited to demanding environments, this certification illustrates Eviden's commitment to meet the needs of sensitive infrastructures, public administrations and companies handling highly confidential and critical data.

Antoine Schweitzer-Chaput, Head of Trustway Business Unit, at Eviden, Atos Group said: *"With this new certification, part of an overall process to obtain standard qualification and DR (Diffusion Restreinte**) approval for our Trustway IP Protect solution, Eviden reinforces its position as a key player in cybersecurity. This achievement underlines our commitment, already initiated with the renewal of the enhanced qualification of the Trustway Proteccio™ HSM, to complying with ANSSI's rigorous standards and meeting the needs of the most demanding organizations."*

For more information, see the official certification on the ANSSI website: cyber.gouv.fr.

* EAL 4+ = EAL 4 Augmented ALC_FLR.3
