Evidian Orbion Secures Label France Cybersecurity certification for 2025

Evidian Orbion is certified for the third consecutive year

Paris, France – April 30, 2025 – [Eviden](#), the [Atos Group](#) business leading in digital, cloud, big data, and security announced today its flagship Identity and Access Management (IAM) solution, Evidian Orbion, has been awarded the Label France Cybersecurity for the third year running.

This certification, awarded by an independent panel of institutional and industry experts, highlights the Evidian IAM team's dedication to delivering secure, innovative, and reliable IAM solutions. The Label France Cybersecurity is a testament to the French origin, quality, and trustworthiness of certified solutions, ensuring customers receive the highest standards in digital security.

David Leporini, Head of Evidian - IAM Cybersecurity Products, Eviden, Atos Group, said, *"We are once again honored to receive this year the Label France Cybersecurity for Orbion, our next generation Identity as a Service solution. This recognition reinforces our dedication to delivering secure and innovative unified IAM solution to our customers."*

Evidian Orbion, the next-generation evolution of Evidian Identity as a Service (IDaaS), offers a comprehensive suite of features including:

- **Identity and Access Management as a Service (IDaaS):** A complete solution with expedited user onboarding, dynamic lifecycle management, governance, identity federation, multi-factor authentication (MFA), and single sign-on (SSO),
- **AI-Driven Features:** Includes a generative AI chatbot to streamline operations for users and administrators, along with natural language administration capabilities,
- **Robust Security:** Ensures data confidentiality, prevents session and identity theft, and provides secure access to online services,
- **Zero Trust Architecture:** Helps build secure foundations for Zero Trust environments by providing a complete authentication and access management solution,
- **Hybrid Environment Support:** Accommodates both on-premises and cloud environments with a gateway for hybrid infrastructures,
- **Streamlined Audit and Compliance:** Offers pre-configured and customizable dashboards and reports to help identify trends, highlight suspicious activities, and comply with audit requirements,
- **REST API Protection:** Manages access to secure APIs using industry standards like OAuth 2.0 and OpenID Connect.

Beyond Orbion, Evidian access management solutions have been recognized with the label France Cybersecurity since **2019**, which is a testament to its leading position in the cybersecurity market.

[Evidian](#) is a leader in Europe for identity and access management, with a growing presence in other regions including the US and Japan. Evidian IAM solutions are used by more than 5 million users in over 900 organizations worldwide to connect to their companies and manage access rights.
